

Kenny's

STEAK HOUSE

To our valued guests,

At Kenny's Steak House, the well being, health and safety of our guests and team members is our top priority. We know our communities are seeking information about Coronavirus (COVID-19), and we want you to know the steps we have taken to protect everyone at our restaurant.

We are closely following the public health recommendations of the local and state health departments, the Center for Disease Control & Prevention and World Health Organization to ensure that our guests and team members feel safe and remain healthy.

Throughout our history, we have always followed the highest standards for safety and sanitation. On top of these, we are now taking the following actions.

- We are cleaning our tables and all high-touch surfaces with increased frequency.
- We are emphasizing protective gear usage at all times when handling food.
- Coaching Staff Members – Employees have been educated on the signs and symptoms of COVID-19 and the precautions that can be taken to minimize the risk of contracting the virus and of proper sanitation protocol in response to the situation.
- To minimize exposure, employees who are sick are asked to stay home and may not return until they have been symptom-free for 24 hours.

Our team members and managers take these actions very seriously, and we want you to feel confident and safe when you visit.

If you are more comfortable ordering food online and having it delivered, you can use Noco Nosh - <https://www.noconosh.com/r/571/restaurants/delivery/Steak/Kennys-Steakhouse-Greeley>.

You can also order food for pick-up directly by calling us at (970) 395-0100.

We will continue to monitor this situation carefully. As developments occur, we will quickly adapt and will be ready to support you and your loved ones.

Thank you for being our loyal guest. We are grateful for the opportunity to serve you and our communities, and we look forward to seeing you soon.

Thank you,

Matthew R Larson

Managing Partner / General Manager
